

# Uniforms & Linens

Keeping your staff looking sharp should be a simple process without breaking the bank.

**Nemean can help.**

Proper access to clean linen products increases the sanitation of your workplace, and helps keep both employees and customers safe.

- Do you have a process in place for ordering, tagging, categorizing, and delivering uniforms to staff?
- Do you have a repair/replace solution for damaged garments and equipment?
- Are you renting uniforms or buying them outright?

Nemean will analyze your uniform and linen supply vendors to make sure you're paying the best price possible for the materials and uniforms you need to run your business.
